

Dear Representative,

On behalf of the managers and supervisors in the federal government whose interests are represented by the Federal Managers Association (FMA), we applaud your vote to approve Representative Matt Cartwright's amendment to maintain the moratorium on A-76 studies at the Department of Defense (DOD) during consideration of the Fiscal Year 2018 Defense Authorization bill (H.R. 3219).

This amendment helps prevent the outsourcing of civilian jobs, which are best performed by the skilled and experienced federal workforce. Importantly, both the DOD Inspector General and the Government Accountability Office determined the A-76 process does not result in savings. FMA is grateful for your vote of support on the House floor.

Sincerely,

Renee Johnson
National President
