

**Chris Lombardi**  
FMA Chapter 6  
FMA Region 1 Director  
Portsmouth Naval Shipyard  
Production Resources Manager

I have worked for the Department of Defense for the pasted 20 years. During my 20 years of government service I served in the United States Army for 7 years as an OH-58D Kiowa Warrior Helicopter Crew Chief and a Recruiter. After the Army I moved to Portsmouth, NH and started my career at Portsmouth Naval Shipyard. I started as a tool room attendant and mechanic. From there I became a supervisor and then a Shop Production Resource Manager. From there moved on and am still a Production Resources Manager for Portsmouth Naval Shipyard. I am also a certified SafeTalk suicide prevention instructor, an ASIST suicide prevention care giver and instructor for several different Supervisor development courses at the Portsmouth Naval Shipyard.
