

The Federal Managers Association (FMA) has done critical work to pass legislation that protects you and your fellow federal employees. Additionally, the association has successfully intervened on behalf of supervisors and managers in the federal government to correct issues within their departments.

- **Advocated for and helped push through a 4.6 percent federal employee pay raise for 2023.** This was the largest pay raise for feds in 20 years. For 2024, FMA has endorsed the FAIR Act, which would provide for a 8.7 percent raise.
- **Averted Pay Freeze in 2019-2021:** FMA members helped persuade Congress to override the administration's call for an across-the-board pay freeze in both 2019 and 2020 and the U.S. Senate's push for a pay freeze in 2021.
- **Restoration of Quorum at MSPB:** After five years of no quorum at the Merit Systems Protection Board (MSPB), the Senate restored a quorum in March 2022. FMA helped identify nominees and urged the Senate to confirm them to restore a functional MSPB.
- **FERS Sick Leave Credit:** Those enrolled in the Federal Employees Retirement System (FERS) receive an average of at least \$500 a year for applying unused sick leave towards their retirement plan. FMA was the driving force behind this legislation that rewards feds for responsible use of leave.
- **Repeal of DOD Cuts to Long-Term TDY Per Diems:** FMA worked tirelessly for nearly four years to repeal drastic cuts of as much as 45 percent to Department of Defense (DOD) long-term TDY per diems. As a result of our efforts, DOD may no longer reduce the employee per diem allowance based on the duration of the TDY assignment.
- **Preventing Cuts to Benefits:** FMA stopped harmful proposals by Congress or included in recent budget requests that would have increased pension contributions for existing federal employees, eliminated the FERS COLA, reduced the CSRS COLA, shifted from the "High 3" to a "High 5," or eliminated the FERS annuity supplement.
- **New Locality Pay Areas:** FMA advocated for the designation of six new locality pay areas in 2019. These designations positively impact nearly 72,000 employees in Birmingham, Alabama; Burlington, Vermont; Corpus Christi, Texas; Omaha, Nebraska; San Antonio, Texas; and, Virginia Beach/Norfolk, Virginia.
- **Paid Parental Leave:** FMA supported the successful effort to provide 12 weeks of paid parental leave for new mothers and fathers (by birth, adoption, or foster) of a new child. This benefit took effect in October 2020.
- **Wounded Warriors Federal Leave Act:** Thanks to FMA, new feds with a service-connected disability will begin their career with 104 hours of additional sick leave to use for their disability-related appointments and treatment during their first year as federal employees. In addition to the legislative action, FMA worked with rule makers at the Office of Personnel Management (OPM) who drafted exemplary rules for implementation.

- **Allowing Feds in Reserves an opportunity to enroll in the health plan of choice:** FMA advocated for the TRICARE Reserve Select Improvement Act, which allows feds in the reserves or National Guard to enroll in this plan, like their non-fed counterparts, if they choose. The bill language was included in the FY 2020 National Defense Authorization Act (NDAA).
- **Protection of annual leave:** The FY 2021 NDAA allowed federal workers to carry over additional leave into 2021 due to the exigencies of the Covid-19 pandemic, by raising the cap 25 percent. FMA worked with a bipartisan group of legislators to address this issue.
- **FEHBP Self Plus One:** In the Bipartisan Budget Plan (P.L. 113-67), Members of Congress called for the Office of Personnel Management to offer a “Self Plus One” option to federal employees enrolled in the Federal Employees Health Benefits Program (FEHBP). FMA long advocated for this option, as it would immediately reduce federal spending and provide affordable health care to couples or single parents with one child.
- **Combat Zone Allowances, Benefits, and Gratuities for Civilian Personnel:** FMA supported the extension of this authority through 2023.
- **Disabled Veteran Leave Extension to FAA and VA:** FMA worked with legislators in the House and Senate to extend eligibility for disabled veteran leave to Title 49 employees (Federal Aviation Administration) and Title 38 (Veterans Affairs) employees.
- **Phased Retirement:** Employees who are retirement-eligible now have the choice of switching to part-time work, drawing a partial salary and a partial annuity, both prorated according to the time worked.
- **Reemployed Annuitants Legislation:** FMA’s efforts were crucial to the passage of legislation that allows retired feds to return to service part-time without offsetting their annuities.
- **Locality Pay Extension:** Federal employees in Alaska, Hawaii, and U.S. Territories now receive locality pay. Thanks to work done by FMA local chapters in Hawaii, the legislation signed into law closely mirrored FMA’s proposal.

Help FMA Help You

Being an FMA member is the first step to protecting your career and becoming the best public servant you can be. The following are some ways you can assist FMA staff and leaders help you and your career:

- Provide the FMA National Office with your non-government email address and cell phone number so that we may alert you to any matter, political or not, that may affect your work.
- Personalize and forward action letters, provided by FMA, to your Senators and Representative.
- Take part in FMA Regional and Chapter meetings.
- Attend FMA’s National Convention and Management Training Seminar each year in March.
- Visit your elected officials and let them know your concerns. Also, follow up with your Senators and Representative in his/her local office where they often have more time to focus on their constituents.
- Inform the FMA National Office of your concerns and suggestions. Write to us at gstanford@fedmanagers.org, or call (703) 683-8700.
